

Notes - 2/8

Thursday, February 7, 2013 6:00 PM

[In 41/5725 at 1:00 today.]

Agenda:

- Private statics: 513820
 - Yes.
 - Same rules for "private static x;" in declare files
- Rules for 'export' in ambient modules (<http://typescript.codeplex.com/workitem/650>)
 - Truly optional in an ambient module, .d.ts generation should not include
- Export =
 - See sample files for r.d.ts and request.ts
- Inventory of decided-but-not-sped
 -
- **New issue:** .d.ts generation of private base classes/interfaces
 - Plan is what's currently implemented pending new input
- Extending 'declare var'
- Mixin patterns
- Modules discussion?
