Notes - 5/10

Friday, May 10, 2013   9:58 AM

[In 41/4541 at 10:00 today. Shortish agenda, will see if we can finish early.]

Agenda:
- Spec and implementation updates
  - Export =
  - 'require'
  - Others?
  - Node
- Recursive type argument inference issues
- Protected (finalize decision from last meeting)
  - Shelve for now. Assume not in 1.0. Someone to work offline on a proposal.
- No implicit 'any'
  - Decision in notes
- Enable –out for external modules
  - Need a new proposal
- Other (likely not happening for 1.0) items:
  - Recursive type check improvements
  - Extending 'declare var'
  - Remaining class alignment deltas:
    - Class expressions
    - Extends expressions
    - "extends null"
