Fairly short agenda today:

- Talk a bit about some of the feedback we're hearing back on 0.9.5
  - Plugin style, reordering of interface merging
  - 'any' to {}
    - Explore better error reporting
  - variadic
- Update on open design change requests
- Issues using promises in 0.9.5 ([1](#), [2](#), [3](#), [4](#))
  - Investigating offline
